

7-3's

STAR EXPRESS

October 2009

Social Studies Mr. Granito

It's all Ancient to me!!

We will discover Mesopotamia, Sumer, and Ancient Egypt. We will find out how these civilizations rose to power and thrived in their part of the world. Students will experience history as it happened.

Math Mrs. Winetz

Investigating Integers

We'll be comparing, ordering, adding, subtracting, multiplying, and dividing negative and positive numbers. We'll apply the distributive property to simplifying expressions and also solve equations.

Science Ms. Kranik

Metric Mania

What three countries do not use the metric system? What famous King helps you convert within the metric system? We will be measuring length, volume, mass, and temperature using the metric system. Also, we will learn how to use laboratory tools.

Reading Mrs. Farina

Self-Discovery

By interviewing friends and/or family, we will expand our knowledge of ourselves and the world around us. This will parallel the main character's journey in *Holes* and *Taking Sides*.

Writing Mrs. Guerrierie

The Write Stuff

In Language Arts class we are working on persuasive writing, how to write effective topic sentences, and how to write effective concluding sentences. Students are writing cohesive paragraphs, highlighting their topic and concluding sentences within their paragraphs.
