 Landing, New Jersey 07850
March 2010
Volume 7, Issue 7

From the Desk of the Principal

In like a lamb and out like a lion?? The best thing about the month of March is spring is just around the corner! March also signals the end of winter.

We have so many exciting things happening this month at Nixon School. During the first week of March we will celebrate Read across America in a variety of ways! Doors will be decorated; students will read Dr. Seuss books and wear funny and interesting attire to school! We will also drop everything and read throughout the week. (DEAR time!)

Congratulations to all students for your participation on the PTA Reflections Contest! HUGE Congratulations to Kaitlyn Ammon! Her entry made it to STATE!!!! Nice Work Kaitlyn!

Kudos and Thank you!

We held our Kick-off for St. Jude's Children's Research Hospital Math-a-thon. All monies collected are due March 16!

Thank you to Mrs. Mulch, Mrs. Alecci and Mrs. Litzinger for welcoming in our new Kindergarten families during Kindergarten Registration this month. Welcome to our new families! March 9 & 10 are our Registration days!

Thank you! Thank you!

School wide Enrichment classes continue to be held twice a month!

I want to take this opportunity to thank the PTA for all the wonderful things they do for the students at Nixon! We are so VERY, VERY, VERY, lucky to have such dedicated, hard-working and creative parents to support us!

On March 10, we will participate in an assembly entitled, Do You Believe in Magic? This assembly is an environmental Magic Show! It aligns with our quest to continue to build upon our Recycling Initiative! All are welcome! Students from the Environmental Enrichment Class will introduce the show!

Our Science Fair is being held on March 18 at 7 PM. You are welcome to visit Nixon School to see the projects that evening. The award Ceremony will also be held that evening. We are so excited to have so many students participating! Mrs. Shelly Connell, District Science Fair coordinator, has visited grades 2, 3 & 4 to introduce the Science Fair procedures to students and even helped students participate in a hands-on experiment! Students were eager to participate!

We will participate in the District Wide Cup stacking Contest on March 30. Thank you Mrs. Melillo and Mrs. Miller for organizing this event for Nixon School! Go Nixon Students!!

Wishing you warm, healthy and happy days!

Sincerely,
 Mrs. Beth Azar, Principal
