### INTRODUCTION

*It is the belief of the Roxbury Township school community that all students have rights. *The Code of Conduct is designed to clarify expectations of students in terms of their behavior and self control. Disciplinary actions will be taken for infractions of established rules. These actions will be carried out in a fair and equitable manner. All matters pertaining to the Code of Conduct will be held confidential in order to protect student privacy rights.*

The Roxbury Township school community would like to impress on each and every parent/guardian the importance of order on the buses to and from school. The bus driver has a great responsibility to drive the bus safely and should not have to continually discipline the children.

## **BUS EXCLUSION PROCEDURES**

Children who misbehave and endanger the safety of the other children or themselves may be excluded from the bus. If excluded from the bus, children must continue to attend school. It will be the responsibility of the parents/guardians to provide transportation to and from school.

The following procedures will normally be taken before exclusion:

1. The bus driver will advise the student to conform to regulations.
2. If the student continues to misbehave, a conduct form will be initiated by the driver. A conference will be held with the student & administrator. The parent/guardian will be notified.
3. If the child continues to misbehave and additional conduct forms are filed, the parents/guardians will be notified and exclusion from the bus and/or after-school detention may result. *Certain severe infractions, as described in the Student Code of Conduct under Administrative Rules may result in immediate bus exclusion upon the first violation.*

# **HARASSMENT, INTIMIDATION & BULLYING (HIB)**

## **Our Anti-Bullying Rules**

1. We will not bully others.
2. We will try to help students who are bullied.
3. We will try to include students who are left out.
4. If we know that someone is being bullied, we will tell an adult at school and an adult at home.

Under the *Anti-Bullying Bill of Rights Act (P.L.2010, c.122)* any gesture, written, verbal or physical act, or any electronic communication whether it be a single incident or a series of incidents, that is reasonably perceived as being motivated either by any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity & expression, or a mental, physical or sensory disability that takes place on school property, at any school-sponsored function, on a school bus, or off school grounds in cases in which a school employee is made aware of such actions is considered an act of harassment, intimidation or bullying.

A HIB incident will have the effect of physically or emotionally harming a student or damaging the student's property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his property & creates a hostile educational environment for the student. All suspected incidents of HIB should be reported as soon as possible to the school principal or principal's designee.

- Prior to initiating the investigation, the Principal or designee, in consultation with the Anti-Bullying Specialist and/or Anti-Bullying Coordinator, may make a preliminary determination as to whether the reported incident or complaint, assuming all facts presented are true, is a report within the scope of the definition of harassment, intimidation, and bullying under the Anti-Bullying Bill of Rights Act.
- If deemed necessary, a prompt investigation will be initiated by the principal or the principal's designee within one school day of the report of the incident and will be conducted by the school's Anti-Bullying Specialist.
- The school principal will inform the parent/guardian of all students involved in the alleged incident.
- An investigation will be concluded no later than 10 school days from the written report.
- Parents/guardians of the students who are parties to the investigation will receive information including the nature of the investigation and its results within five days of the conclusion of an investigation.
- A parent/guardian may request a hearing before the BOE and a hearing will be held in executive session within 10 days of the request.

It is important to point out that any two or more children can have a conflict or disagreement or fight during the course of any school day and this would not be categorized as bullying. Bullying on

the other hand is an aggressive behavior that involves an imbalance of power or strength, is deliberate in nature and is often a repeated attempt to intimidate, embarrass, or harm another. The message here in our school is “Bullying is wrong and no one deserves to be bullied.”

## **DRUGS, ALCOHOL, TOBACCO**

### **Disciplinary Action: First Offense**

When a student is confirmed as using, under the influence of, in possession of, transmitting, or selling illicit drugs or alcohol, the following actions shall be taken:

The student shall be placed on temporary suspension, not to exceed ten days, until a conference is held with the parents/guardians following which the pupil may be placed on school probation until disposition of the case is made by legal and/or school authorities in accordance with state law. Such probation will include surveillance by school authorities and may include exclusion from all school social and extracurricular activities until such time as the student has demonstrated himself/herself worthy of the return of these privileges.

### **Disciplinary Action: Additional Offenses**

The student will be subject to suspension or expulsion through proper channels until disposition of the case by legal and/or school authorities. If expulsion is recommended, a full child study team evaluation shall be initiated and completed prior to the expulsion.

### **General**

A wide choice of action is possible in handling each student's case ranging from advice and rehabilitation to suspension and expulsion. Whenever possible, a non-punitive solution is preferable if predicted chances for recovery are good.

### **Drug Abusers Who Voluntarily Seek Advice**

Some students with drug abuse or other problems may voluntarily go for advice to a favorite or respected member of the school staff. In such a case, the staff member should advise and guide the student in any way possible while attempting to convince him/her of the need for medical treatment and rehabilitation. However, any staff member is obligated to report such a situation to the chief school administrator.

### **Use of Tobacco Products**

Students are forbidden to carry or use tobacco in any form. Students who disobey the rules of the school concerning the use of tobacco, shall be reported to the chief school administrator and may be suspended from school for a period not to exceed ten days.

Viewing or listening to the recordings will be done by the Principal or designee.

## **WEAPONS AND DANGEROUS INSTRUMENTS**

The Roxbury Township Board of Education prohibits the possession and/or use of firearms, other weapons, or instruments which can be used as weapons from school property, at any school function, or while en route to or from school or any school function.

An evaluation by the Child Study Team to determine a pupil's eligibility or need for a special educational program and/or related services due to involvement or consumption of alcohol or other drugs shall be initiated following state rules and regulations which govern such evaluation.

## **ATTENDANCE POLICY**

Research has shown that attendance in school is directly correlated with academic success. Students are expected to regularly attend school and parents are asked to notify the school if a child is going to be absent. If a child is out due to illness for a number of days, a doctor's note would be appreciated in order to excuse the absence. As per district policy and regulation 5200, please keep in mind that after five unexcused absences you will receive a letter from the school. After ten unexcused absences you will be asked to come in and meet with the Intervention & Referral Services team. After fifteen unexcused absences, the appropriate agencies will be notified.

Students must attend a total of 150 school days in order to be promoted to the next grade level. Please keep the lines of communication open regarding student attendance.

If your child will be absent from school for 10 or more consecutive school days for non-health related needs, you will be asked to withdraw your student from his/her Roxbury school for the duration of the extended leave and re-enroll your child upon your return.

## **CELL PHONE USE AND OTHER ELECTRONIC DEVICES**

Please keep all cell phones and other personal electronic devices at home. If your child must have a device with them during the day, please note that it must remain in the child's backpack, out of sight and powered off. If a phone, or other device is taken out during the school day, it will be taken by a staff member for safekeeping until a parent or guardian can come to claim the device.

## **PROMOTING SOCIAL SUCCESS**

The Code of Conduct is designed to clarify expectations of students in terms of their behavior and self-control. Disciplinary actions will be taken for infractions of established rules. These actions will be carried out in a fair and equitable manner. All matters pertaining to the Code of Conduct will be held confidential in order to protect student privacy rights. A Promoting Social Success Rubric will be used to guide decisions regarding disciplinary action and restorative practices.

## **POSITIVE BEHAVIOR MANAGEMENT SYSTEM**

At the elementary level, we understand that teaching students to respect themselves, others, and their environment is an ongoing journey. School staff will consistently work towards teaching procedures, and acts to support this endeavor. We will allow students to participate and feel welcomed as a part of the school community. Each classroom will maintain a positive behavior management system to encourage appropriate behaviors. Students are provided models of appropriate behavior through a wide variety of interactive classroom and school-wide activities. Our focus is to provide a responsive, productive and kind community. A positive, warm and safe school environment is everyone's goal.

## **SCHOOL CELEBRATION PROCEDURES**

Roxbury's elementary schools will continue to have FOOD-FREE birthday celebrations and seasonal classroom parties. Thank you for your cooperation. For all birthdays, summer birthdays included, students will have an opportunity to select a book to keep from our Birthday Book Collection. Students are not permitted to distribute goody bags.

Party invitations are not permitted to be handed out at school. Families who choose to participate in the PTA will have access to a PTA sponsored site, where families can opt to have their contact information listed and used for communication related to outside school events (i.e. birthday parties, seasonal parties, playdates, etc).
