

# Chess and Strategic Gaming Club

## 2018 -2019

Do you love chess? Are you excited to play chess with friends, and practice so you can get better?

Then come on down to Chess Club! It's the perfect place to meet others who love the game of chess, and increase your abilities of strategic thinking. Playing Chess promotes brain growth by exercising both sides of your brain! It can also raise your IQ, help teach planning and foresight, increases problem-solving skills, and improves memory. That's a lot of benefits from just one game.

We also play a simplified version of Dungeons & Dragons, and can accommodate other tabletop games (board, card, video) pending advisor approval.

### Meeting Days for the Year:
