Dear Parents and Guardians:

We are pleased to share the new department developments and our efforts in streamlining our special education programming for the 2018-2019 school year. The homogeneous group of our programming will allow for targeted professional development and instructional content support for all students.

- The K - 4 elementary Learning and/or Language Disabilities (LLD) programming will all be centrally located at Franklin Elementary School.
- Our REACH program will be located at Kennedy Elementary School.
- The Out-of-class Resource (OCR) program at Franklin School will be moved to Kennedy School.

If you have any questions please reach out to your child's case manager at 973-584-4232

Heidi Rosen M.S.W.

Interim Director
Roxbury Public Schools
