October 11, 2021

Attention Preschool Parents/Guardians:

This is to inform you that the New Jersey State Department of Health and Senior Services requires the influenza vaccination for all daycare and preschool students (N.J.A.C. 8:57-4). “Children six months through 59 months of age attending any child-care center or preschool facility on or after September 1, 2013, shall annually receive at least one dose of influenza vaccine between September 1 and December 31 of each year.” This pertains to generalized influenza, not the H1N1 strain.

Documentation of this vaccination must be sent to the Jefferson Health Office **prior to December 22, 2021** *or by law, your student will not be allowed to return to school in January until this documentation is received.* **If your student arrives at school on January 3rd without the documentation in hand, we will be calling you to come and pick up your student.**

If your student turns five years of age prior to December 31st, he/she is not required to have the vaccination for Pre School.

Thank you for your anticipated cooperation.

Kate Zenna BS, RN, CSN
Jefferson School Nurse
