

**ROXBURY TOWNSHIP SCHOOLS  
SUCCASUNNA, NJ**

Dear Parents:

We are required by the New Jersey State Department of Education and the Office of Civil Rights to ascertain, as part of the registration process, the sole or primary language of all public school students whose primary language is English.

This will ensure the accurate identification of students who may speak a language other than English. This information serves to reflect the linguistic background and not the nationality of the student.
