

THE GROWING STAGE 

# CREATIVE ARTS ACADEMY

# WINTER 2020

## CREATIVE DRAMATICS

### Imagine, Create and Play!

The Creative Dramatics program serves young people pre-school through third grade with an exposure to and participation program in the performing arts. The theater arts become a natural extension of the child's gift of imagination and role-playing. Through theater, children sharpen their creativity, improve their self-confidence and learn the importance of teamwork. Above all, children enjoy becoming a part of the magic that they create on stage. Our classes for grades Pre-K, K-1, and 2-3 are designed to offer children an introduction to many aspects of theater arts through creative games, story dramatization and improvisation.

**10 WEEKLY SESSIONS • 1 HOUR EACH**

January 18 – March 21 | PRE-K through 3rd grade | Cost: \$175

## PERFORMING ARTS WORKSHOP

### Acting, Improvisation and More!

Our Performance Arts program is for young people in grades four through nine who have either experience on stage and have a strong interest in improving their skills, or who simply have a desire to participate in the performing arts. In Performance Arts I Class (grades 4 - 6) students will learn the basics of stage performance. The young performer is introduced to "the basics" of acting for the stage including warm-up techniques for both voice and body, improvisation, theater games, stage direction, and solo and group scene work. In the Performance Arts II Class (grades 7 - 9) young performers will continue to hone their stage skills with in-depth scene study and line memorization. While more intense, this program still does offer the opportunity for the first-time student.

**10 WEEKLY SESSIONS • 1 HOUR EACH**

January 18 – March 21 | 4th grade through 9th grade | Cost: \$175

## MUSICAL PERFORMANCE LAB

### Sing and Dance!

This lab is designed for students interested in musical performance. Within the ten week process students will focus on technique, including breathing, warm-up, and vocal production as well as song interpretation, movement and performance. Students will work on both solo and group pieces. The lab will culminate in a "show and tell" class where parents will be invited to attend, giving the students the opportunity to perform before a "live" audience. This program will be offered to students in grades 2-3, grades 4-6 and grades 7-9. **10 WEEKLY SESSIONS • 1 HOUR EACH**

## HIGH SCHOOL ACTING ENSEMBLE

### Create, Act and Perform!

Returning in the winter to the academy, this 90 minute class has been designed specifically for high school students who are interested in honing their performance skills. This intensive program will focus on strengthening students' acting through improvisation and the creation of a devised piece of theatre. Under the guidance of Growing Stage veteran teaching artist, Danny Campos, students will zero in on a topic of their choice and create a piece of theatre which will be performed before an invited audience of family and friends at the conclusion of the final class. This program will be offered to students in grades 9-12 and will be limited to 12 participants.

**12 WEEKLY SESSIONS • 90 MINUTES EACH**

January 21 – March 26 | 9th grade through 12th grade | Cost: \$250

## SPECIAL PROGRAMS

### Look for NEW, UPDATED PROGRAMS this season!

There will be something for everyone this year at The Growing Stage! **STAY TUNED** for the return of our special **workshops with Broadway artists**, our updated private coaching and voice lesson schedule, as well as the introduction of our **NEW Theatre Dance classes** in which the world of theatre and dance merge! We are looking forward to providing these new opportunities to our community of young artists!
