Dear Lincoln Roosevelt Parents and Students,

This agenda book has been prepared for the students of Lincoln Roosevelt School. The purpose of this book is to assist our young learners with organizing themselves so that they can be academically successful. Contained in this book are the school rules, daily and monthly assignment logs, valuable tips regarding study habits, and hints about becoming more organized and successful. The more organized a person is, the more successful they will become.

The 2018-2019 school year is a “fresh start” for all students. It is a great opportunity to start making positive changes that will allow students to become even better individuals. As Thomas Jefferson once said, “I find that the harder I work, the more luck I seem to have.” To be honest, hard work and dedication is the first step to helping us all achieve our goals in life. Make the necessary changes that you know will benefit you and make you more successful.

As in years past, students are expected to know and abide by the school rules. In order to assist in this process, students are to read the Handbook so that they familiarize themselves with the governing procedures of the school. Parents, please take an active role in making sure that your child is following the rules that are contained within the Handbook. The beginning of the year is a great time to review the information along with your son or daughter and emphasize the importance of adhering to school rules and procedures.

Lincoln Roosevelt School will be stressing the importance of getting into the habit of using the agenda book for each subject, each period of the day. Teachers will be working with the students to make sure the agenda books are being utilized by all students on a daily basis. Parents are also being asked to play a key role in helping students to become better organized and better prepared for their classes. Please check your child’s agenda book daily and insist that this important organizational tool be fully utilized by your child. We are committed to improving the organizational skills of our students and the regular and encouraged use of the agenda book is an easy first step toward that goal.

We look forward to an outstanding 2018-2019 school year.

Sincerely,

Chris Argenziano
Principal

LINCOLN ROOSEVELT SCHOOL CODE OF CONDUCT

All students will be required to read and sign this Code of Conduct with their homeroom teacher. By signing the Code of Conduct each student is acknowledging that he/she understands what is expected of them behavior-wise and will abide by the rules of the school as stated in the Lincoln Roosevelt School Handbook which is contained in the following pages. Listed below is a condensed version of the guidelines that have been established for Lincoln Roosevelt School. All students are expected to read the handbook for more detailed information.

1. **Bullying or harassing anyone at Lincoln Roosevelt School.** (To create an unpleasant or hostile situation for another student by one's verbal or physical conduct toward that student, i.e., making fun of, putting down, inappropriate teasing, calling names, physically bothering, touching or hitting another student, threatening or being mean-spirited, sending inappropriate electronic communications.)

At Lincoln Roosevelt School, we will not tolerate the use of any words or actions that put people down in any way, for any reason. Lincoln Roosevelt is a bully-free and harassment-free environment. All Lincoln Roosevelt students have the right to come to school and be totally comfortable without feeling threatened, bothered, or bullied in any way.

Words to Live By: Treat others the way you would like to be treated.

2. **Causing the education or instruction of any other student(s) to be disrupted.** No student will be allowed to interrupt the learning process. If a student's behavior results in other classmates missing out on classroom instruction then he/she will be removed from the class and consequences will occur. Students do not have the right to interfere with any child's education or instruction. Teachers are here to teach – students should be here to learn.
3. **No Lincoln Roosevelt student will show any disrespect toward any staff member at Lincoln Roosevelt School.** That includes all adults who work at Lincoln Roosevelt School in any capacity, including all cafeteria aides, paraprofessionals and/or bus drivers. Students will always be treated fairly and with respect at Lincoln Roosevelt School. It is expected that all students will treat people at Lincoln Roosevelt School with the same respect and courtesy that they would anticipate and appreciate.
4. **Behavior is expected to be appropriate and reasonable throughout the school day.** Inappropriate behavior will not be tolerated in the classroom, in the lunchroom, at recess, on the bus, at the bus stop, in the hallways, or in the bathrooms. Exhibiting self-control when students are in these places demonstrates maturity, trustworthiness, and a positive reputation. Displaying a lack of self-discipline will result in a loss of privileges such as removal from the cafeteria, recess, and/or bus/van transportation.
5. **Respect for school property.** All school property must be treated with respect and care. The school building of Lincoln Roosevelt School and all the materials housed on its campus are property of the Roxbury community. The students are expected to treat these items with respect and utilize them in an appropriate manner. This includes the following: lockers, desks, furniture, computers, books, bathrooms, cafeteria furniture, auditorium furniture and even the buses and vans. Please be aware, if anyone damages or defaces any school property they will be responsible for the cost of repairing the damaged item.

In 6th grade, school lockers are assigned to students at Lincoln Roosevelt School. The lockers are the property of the school and may be examined by school officials as the need arises. Magnets are allowed, but stickers and tape of any kind are not permitted. The school is NOT responsible for losses from the lockers.

6. **Use of electronic devices.** Both 5th and 6th grade students will be given access to Chromebooks and/or computers if/when it fits into a teacher's lesson. These devices are meant to enhance the educational experience being provided by the district. Students are to respect the devices and use them appropriately to work on curriculum-related material. Classrooms will utilize the devices at the teacher's discretion. All online and electronically transmitted activity is not private and will be monitored by the school district. Failure to adhere to these guidelines can result in the loss of computer privileges and/or possible administrative consequences.

Cell phone and smartwatch usage is strictly prohibited during school hours, at the bus stop and on the bus.

7. **Cheating of any kind will not be allowed.** Cheating includes copying any work from a student, an author, the internet, etc., and presenting it as your own. This includes any work that students are asked to do at Lincoln Roosevelt School or at home (homework, reports, tests, quizzes, etc.) Also, telling other students what is on tests or quizzes that a student has taken and other students will take later in the day is considered to be cheating. Any work that was created by dishonest means will receive a grade of zero.

To sum up this Code of Conduct – Students are in school to learn and to behave in a reasonable manner. We expect all students to make good choices and to think clearly and carefully before making a choice to do something that is not in their, or any other student's, best interest.

I, _____, agree to abide by the Lincoln Roosevelt School Code of Conduct and the rules that are contained in the Lincoln Roosevelt School Student Handbook.

Lincoln Roosevelt's Mission Statement:

The first and most important step toward success is creating the feeling that we can, in fact, succeed. At Lincoln Roosevelt School, we will all strive to create an environment where every child believes he or she can succeed.

STUDENT EXPECTATIONS

School Rules

Students are required to know and follow the rules that are outlined in the Student Handbook. Take time and look over what is expected of students at Lincoln Roosevelt School so that the school year will be a positive experience for all. We don't have a lot of rules at Lincoln Roosevelt School but we expect all students to follow the rules that we do have.

Work Ethic

Teachers can only do **half** of what is necessary for students to be successful and to have a great school year. Students need to supply the other **half** of what makes them successful and that is called **effort**. As the former head coach of the Green Bay Packers, Vince Lombardi, Jr., once said, "The dictionary is the only place that success comes before work. Work is the key to success, and hard work can help you accomplish anything." Make the **choice** to be an outstanding, hard-working, dedicated and organized student. Give it a try – you truly will like the results.

Agenda Books

Our Lincoln Roosevelt PTO has helped with the purchase of agenda books for each student in the school. It is expected that every student put this organizer to good use. Students should use it every period of every school day. It is very important for students to get the new school year off to a good start. A good start means being organized and doing all of their schoolwork and homework. If a student is not sure how to go about using the book to become more organized, they should ask their teacher for assistance during the LAP period or work at home with their parent/guardian.

If an agenda book is lost, the student will be required to purchase another at his/her expense.

8-Pocket Folders

An 8-pocket folder is supplied to every Lincoln Roosevelt student. The 8-pocket folder is to be used in conjunction with the agenda book to foster good organizational habits in all students. Students are encouraged to utilize the 8-pocket folder on a regular basis. Every teacher will emphasize the use of this folder as an organizational tool that will help students keep track of their many papers, assignments and responsibilities. Students are to regularly use this organizer in the manner in which it is intended.

Homework

Homework is an essential part of the learning process developed in the classroom, and is continued independently with cooperation and encouragement at home. It is the student's responsibility to develop good work and study habits.

To prepare for homework students should:

1. Make sure they understand the assignments, the date due, and directions.
2. Ask for help in advance.
3. Know the expectations of the individual teacher.
4. Plan long term assignments accordingly.

Make-up Work

As per District Policy 5200, students are expected to develop a reasonable timeline with their teachers, especially for tests and quizzes that must be scheduled, and submit work each day until completed. General rule of thumb – for every day absent, the student has two days to make up the work without losing credit and/or points for the assignment.

Passes

If a student is leaving the classroom for any reason, they are required to use the classroom sign-out book and must have their agenda book signed in the “Hallway Passport” section by the teacher. Students should never be in the hallway without a pass.

Room Occupancy

No student should ever be in any room by him/herself. Signs are posted on every door indicating that no student should be in any room without a teacher being present. This rule will be strictly adhered to.

STUDENT DISCIPLINE

Rules and regulations are necessary for the orderly operation of the school community. It is important that students recognize their responsibility to abide by the rules of the school. Discipline is the training that develops self-control, character, orderliness and efficiency. While discipline does not appear as a school subject, it is extremely important to be well-disciplined and it is an essential component of growing up to be a good and productive member of society. Accordingly, students who do not conform to school rules and regulations will be subject to the policy of progressive disciplinary rules that are listed below.

Standards of Behavior

Students shall be required to conduct themselves in a manner appropriate to their level of maturity, which includes proper respect of constituted authority, conformity to school rules and regulations, and such provisions of the law as they apply to the conduct of juveniles and minors. School rules and regulations will help teach students to respect the rights, privileges and feelings of others. By accepting their responsibility, students, in effect, protect their rights as a student in their school and as a citizen in our society. The Roxbury Township Board of Education, administration and faculty have made every effort to provide quality education for all students. To take advantage of this opportunity, the student must be willing to learn and behave acceptably.

In order to create an atmosphere conducive to the effective functioning of all school areas, the students are to demonstrate courtesy and respect toward school personnel and their peers, respect school property, and avoid behavior that disrupts a group activity or is detrimental to the functioning of a class or the school. Students are accountable for their actions even when these actions are taken while they are part of a group. Disruptive behavior that disturbs others or keeps others from learning **will not be tolerated.**

Progressive Discipline Policy

Disciplinary problems range from minor infractions of the rules to major violations of policy and/or law. The following is a list of *possible* disciplinary actions:

1. Administrative warning
2. Lunch detention
3. In-school suspension
4. Out-of-school suspension
5. Other actions as deemed appropriate by the administration

Expected Conduct

1. Students will show respect toward all staff and peers.

Violation to include but not limited to: insubordination, rudeness, talking back, name-calling, use of obscenities, yelling, and being uncooperative or disruptive.

2. Students will show respect for all personal and school property.

Violation to include but not limited to: kicking lockers, littering, misuse of books, writing and/or defacing desks, walls, bulletin boards, textbooks and Chromebooks.

3. Students will refrain from behavior that disrupts any classroom.

Taking time away from other students' instruction and learning will not be tolerated. Violation to include but not limited to: being unprepared, calling out, not remaining seated, throwing anything, playing with items that are distracting from the lesson, leaving the room without permission or without a pass and arguing with other students and/or teacher.

4. Students will refrain from behavior that physically endangers themselves or others.

Violation to include but not limited to: pushing, shoving, tripping, running and possession of anything that might be considered or used as a weapon.

FIGHTING- There will be zero tolerance for fighting at Lincoln Roosevelt. Students can demonstrate pride by caring and respecting one another each and every day. If there is malicious intent to hurt a fellow peer, administrative consequences are warranted. The safety of our students comes first and foremost. Fighting on school grounds will potentially warrant out-of-school suspension and even police involvement. When students utilize violence towards one another, all offenders will be treated equally.

5. Students will follow all directions of staff and administration.

Violation to include but not limited to: failure to appear for detention, leaving classroom or building without permission and not following a specific teacher directive.

6. Students will adhere to school rules and behavioral expectations during school-sponsored events.

All school rules apply when students are off-campus or are participating in after-school activities and/or PTO-sponsored events. NO students will be allowed to participate in a school related activity unless they are under the direct supervision of a parent or another adult who will take responsibility for the student. If a child has to come back to school for an event, their behavior is expected to be appropriate and they are to refrain from inappropriate actions. Students who are not participating in the program should not detract from the performance in any way.

In addition, the following will not be tolerated:

1. Cheating - Presenting another's work as his/her own. This includes test answers, homework, projects or reports. Cheating will result in an automatic zero on the assignment and parent notification by the teacher.
2. Gum chewing- No gum chewing is permitted anywhere in the building.
3. Theft
4. Habitual tardiness to school and/or classes
5. Smoking and/or the possession of a controlled substance

Bullying vs Conflict

Bullying behavior that is intended to cause harm, mental or physical discomfort, or is intended to humiliate or threaten any other student or person in Lincoln Roosevelt School will not be tolerated. There will be zero tolerance for any bullying or unkind behavior. No student is to be put in a position where he or she must put up with any type of mistreatment. If bullying of any kind occurs, the student doing the bullying will be given consequences in line with the school's progressive discipline policy. The school's administration and the anti-bullying specialist will determine if the actions of students rise to the level of bullying or if it is considered student conflict. Student conflict is categorized as clashing disagreements between two or more individuals in which all members play an active role in the dispute.

All other jewelry must be removed, including rings, watches, bracelets, and necklaces. Students refusing to remove jewelry will sit out and lose physical education credit for the day.

Consequences for violating the physical education dress code - Any violation of the physical education dress code policy can result in loss of up to full credit for that day's physical education class.

ATTENDANCE POLICY AND PROCEDURES

The laws of the State of New Jersey require regular attendance of all pupils enrolled in the public school system. The school cannot properly instruct students who are not present. Poor attendance limits accomplishments and reinforces a habit which will impact negatively on the students' achievement levels as well as the students' futures. Frequent absences of pupils from regular classroom learning experiences disrupts the continuity of the instructional process. Please be aware that the Roxbury Township School District Regulation R5410, titled "Promotion and Retention," contains the following requirements:

Elementary Level (PreK-6)

A student with fewer than 150 days attendance will not be promoted to the next grade level. Individual circumstances will be taken into consideration. However, if a student is not in school for the 150 days of required attendance there is a strong possibility that the student will be required to repeat the grade the following year.

Absence from School

A record of the attendance of all students shall be kept each day that the school is in session. A student shall be recorded as either present, absent unexcused, or absent excused. Various circumstances can meet the criteria for an excused absence:

1. Observance of a religious holiday
2. Student's required attendance in court
3. Family illness or death
4. Necessary and unavoidable medical or dental appointments
5. Other reasons as listed in Roxbury Township School District Regulation 5200, Attendance

Teachers shall cooperate in the preparation of home assignments for students who are absent three or more consecutive days. The parent or guardian must request such home assignments.

Family Vacations

The Board of Education and the Administration strongly discourage student absence from school for family vacations. According to state law and board policy, vacations are not excused absences. Students should bring a note to the main office, with the vacation dates, two weeks in advance. It is up to the student to confer with each teacher and obtain assignments for the period of absence. If a teacher is asked to compile assignments for a student who is not attending school because of a family vacation, then those assignments are to be handed in the day the student returns.

Home Instruction

Students who are absent ten consecutive school days or fifteen cumulative school days, as verified by a physician, are eligible for Home Instruction. The Board of Education will provide instructional services at the student's home or another suitable out-of-school setting when the student is out of school due to a temporary or chronic health condition or has a need for treatment which precludes participation in their usual education setting. Parents or legal guardians shall submit a request to the Principal or designee, who will forward the written determination to the school physician for review.

Tardy to School/Class

Late to School - Students will be considered tardy if they report to school after 8:40 am. Anyone coming into school after that time **must report to the main office** to sign-in and have their name removed from the absence list. Parents do not need to accompany their child into the school when arriving late.

Consequences for Late to School - After 3 Tardies-to-School in any one marking period: student will be assigned **one lunch detention** by administration. Subsequent tardies in the marking period will result in the student being assigned multiple lunch detentions and parents will be contacted. Cumulative of 12 or more Tardies: possible school suspension, parent/guardian will be required to attend a conference and the student will be referred to the I&RS committee for recommendations. If there are extenuating circumstances that are causing a pupil to be frequently late, please contact the office.

Late to Class - Students are considered late to class if they are not in the classroom, seated, and ready for class to begin at the appropriate time. Repeated offenses of tardiness to class may result in conferences with parents and/or penalties imposed by the individual teacher and/or the administration.

TRANSPORTATION

Bus Behavior

The same good, positive behavior that is expected inside the walls of Lincoln Roosevelt School is required on the bus. All students are expected to show respect for the driver and to obey the rules. Repeated violations of the bus rules will result in the student being removed from the bus for a period of time and a parent/guardian will be responsible for transporting the child to and from school. Any damage done to a bus by a student will be paid for by the student's parent/guardian.

General Guidelines

- **Seatbelts must be buckled and worn on the bus at all times.**
- Be at your designated stop at least five minutes before the scheduled pick-up time.
- Stay out of the road.
- Never approach the bus door until the bus is completely stopped.
- Enter bus in an orderly fashion.
- After boarding the bus, immediately move to your assigned seat.
- Students may only ride on the bus to which they are assigned. Transportation does not allow students to change buses.

Late Bus

Late bus availability for the 2018-2019 school year had not been determined as of the printing of this agenda book. If available, all Lincoln/Roosevelt School clubs will coordinate with transportation to ensure that late busses will be available on the days that clubs meet. Students will be notified once the days/times/routes have been established. Bus routes that students typically have will not be followed but transportation will try to get students close to their home. Students could be required to walk longer distances than normal. If there are any concerns regarding late buses, please contact the transportation department at 973-584-6756.

Early Arrival at School

Students should not be dropped off at the school any earlier than **8:27 a.m.** There is no supervision for early arriving students. Parents will be called if students arrive prior to 8:27 a.m.

Student Drop-Off by Car in the Morning

L/R has two drop-off spots in the morning. Students can be dropped off either in front of the Roosevelt Building or on the Hunt Street side of the Lincoln Building in the designated drop-off lane. In either location, parents and students should use extreme caution and good judgment. Parents are not permitted to park their vehicle in the drop-off zones under any circumstances during drop-off times. *Nevertheless*, it is strongly recommended that parents have their child take advantage of bus transportation.

Dismissal

Once students are dismissed they are expected to leave the building immediately unless they are staying for an activity or are under the direct supervision of a teacher for other reasons. Students are to proceed directly to their bus. They should not stop and congregate to talk and socialize prior to boarding their bus. No student should reenter the building after they have been dismissed unless they are given permission from a staff member. Those students returning to school for a forgotten item must be accompanied by an adult when entering the building.

Parents Picking Up Their Child

Students who need to be dismissed before the regular dismissal time, or at dismissal time, should bring a written request to their homeroom teacher and hand it in first thing in the morning. These names will then appear on the dismissal list with the time of dismissal. Parents or guardians will be required to come into the building and sign the student out before any student will be dismissed into their custody. Please be prepared to show identification **every** time you enter the building.

Early Dismissal due to Inclement Weather

On days when school closes early due to inclement weather it is **imperative** that all students know where to go when they are dismissed from school. Arrangements need to be made in advance. Please remember Roxbury Day Care also closes when school is dismissed early due to the weather. Please have an emergency plan in place so that when the emergency early dismissal does occur everyone, including the student, knows what he/she is to do.

All students, even those who attend the Roxbury Day Care aftercare program, should know their bus number so that they can take the bus home on early dismissal days. Students should have a plan in place, with their parent/guardian, to ensure they can get into their house if no one is at home to meet them.

SAFETY

Safety is "**priority #1**" at Lincoln Roosevelt. All State and Federal regulations are strictly enforced, as are district and school rules related to safe operation of the building. General safety rules are also enforced. Running in corridors, horseplay, or any activity which creates a safety hazard will be dealt with accordingly. When passing in the hallways students will keep to the right. Students and staff are urged to immediately report any unsafe conditions in the building to the Principal.

Fire & Emergency Drills

Fire and emergency drills are held monthly for the student body and staff to prepare for a possible emergency, which might require a rapid mass exit. With the students' cooperation, the building can be emptied quickly and efficiently. A prearranged route of egress has been assigned to each area of the building with a map specifying which building exit is to be used. Students should proceed **rapidly** and **silently** to a designated area outside the building. At all times, students should be flexible and need to be aware that, at times, they may have to find an alternate route out of the building if a stairwell or route is either blocked or unsafe for passage. Students need to be prepared to respond to specific directions given by the Principal and/or the Roxbury Police. It is imperative that all students participate in these drills in a serious manner.

No one is to re-enter the building after a drill until the all-clear procedure is followed.

Electronic Surveillance at Lincoln Roosevelt

In accordance with BOE Regulation #7441, electronic surveillance is used in order to enhance a safe and secure environment. Recordings may be used to monitor and observe the conduct of school district staff, students, and other person(s) in LRS or on school grounds. Reviewing of the recordings will be done by the Principal or designee.

ELECTRONIC DEVICES

Lincoln Roosevelt strongly recommends that students leave all electronic devices at home. The use of recorders of any kind is not allowed in the school unless the teacher in the classroom gives specific permission. If electronic equipment is required for a class, the school will provide it.

Cell Phones

We know that a large majority of fifth and sixth graders bring cell phones to school on a daily basis. The rules concerning cell phones at Lincoln Roosevelt School will be as follows:

1. If a parent wants their child to have a cell phone with them for use in case of an emergency on the way to the bus stop or on their way home from the bus stop, then be sure your child knows that student cell phones are to remain in their backpack during school hours. Students are not permitted to call or text message their parents on their cell phones during the school day. If a child must call a parent during the day, only the phones in the main office or the nurse's office can be used. If there is an emergency the student will be allowed to use the phone to contact a parent or a school employee will call the parent to deliver a message.
2. **Any cell phone brought to school must remain in the student's backpack during the entire school day, there are no exceptions.** If you are concerned about security for the phone you should purchase a travel lock and have your child lock the phone in a zippered pouch in their backpack. The phone may not be out of the backpack, for any reason, either at the bus stop, on the bus, or in school.
3. If the phone is taken out of the backpack it will be confiscated. A parent will have to pick the phone up in the main office.

SCHOOL NUTRITION POLICY

The Roxbury Board of Education has adopted several policies in compliance with state requirements that affect foods sold, served, or given out as free promotions during the school day. The following items will not be sold, served, or given out as free promotions during the school day:

1. All forms of candy
2. All foods and beverages listing sugar, in any form, as the first ingredient.
3. Foods of minimal nutritional value as defined by the USDA, e.g., soda, water ices, gum.

Food and beverages that are utilized to support the curriculum, or are provided at school events, must comply with dietary standards. These foods and beverages must be purchased from an approved vendor. No homemade food items are permitted. Food or candy-related fundraisers are not to be sold during the school day, which includes the bus and bus stops.
